Renthal Haynes

Technology Management Graduate | Solutions Delivery & Project Coordination

renthalhaynes@gmail.com | (832) 994-1533 | linkedin.com/in/renthal-haynes-ii | Houston, TX

PROFESSIONAL SUMMARY

Technology Management graduate with hands-on experience supporting enterprise system implementation, UAT, business process analysis, and ITSM process design. Translates business requirements into test scenarios, dashboards, process documentation, and implementation-ready recommendations while coordinating across technical and operational stakeholders.

CORE COMPETENCIES

Solutions Delivery • Project Coordination • Implementation Support • UAT / Test Scenarios • Requirements Gathering • Business Process Analysis • Stakeholder Communication • Cross-Functional Coordination • ITSM / ITIL Fundamentals • Process Improvement • Reporting & Dashboards • Project Documentation

EXPERIENCE

Back-Office Solutions Delivery Intern — Clear Channel Outdoor *May – July 2026*

- Supported a Workday Collections migration proof-of-concept by analyzing legacy GetPaid workflows and gathering business requirements across reporting, communications, account ownership, and workflow controls.
- Validated Workday functionality against current-state processes, uncovering a scope shift the project team had not previously identified.
- Developed four UAT test scenarios and decision-ready documentation covering communications, account status, follow-ups, escalation workflows, and feasibility review.
- Built dashboard and report reviews for customer balances, aging, risk, and collection activity to support implementation decisions and business visibility.

IT Technician — Scarborough Senior High School *Aug 2022 – June 2023*

- Diagnosed and resolved hardware, software, account, and connectivity issues across a 400-student campus while supporting Microsoft 365 and Google Workspace users.
- Maintained reliable system access and user support by responding promptly to reported issues and coordinating resolution across day-to-day technology needs.

Community Assistant — Cambridge Hall *Oct 2024 – May 2026*

- Coordinated maintenance, cleaning, and inspection teams for a 196-unit property turnaround, supporting cross-functional execution across multiple operational workstreams.
- Managed leasing activity from initial prospect contact through signed agreement and streamlined communication of pricing, policy, and availability to accelerate decisions.

PROJECT EXPERIENCE

IT Service Management (ITSM) Capstone Consultant — Texas A&M AgriLife Center *Feb – May 2026*

- Applied ITIL best practices to assess operational processes, identify service improvement opportunities, and recommend technology-enabled solutions aligned to business objectives.
- Collaborated directly with AgriLife stakeholders to analyze process inefficiencies and develop Framework 1.0, the organization's first formal demand generation process structure.
- Presented actionable recommendations to AgriLife Center leadership focused on improving operational efficiency, service value, and process consistency.

EDUCATION

Texas A&M University — B.S., Technology Management; Business Minor. GPA: 3.7. *Fall 2023 – Aug 2026*

Houston Community College — A.A., Multi-/Interdisciplinary Studies, General. GPA: 3.5/4.0. *Jan 2021 – June 2023*

TOOLS & TECHNICAL KNOWLEDGE

Workday (Report Building, Dashboard Building, Implementation) • Microsoft Excel • Microsoft Visio • MySQL / Relational Databases • Microsoft Office • Google Workspace • CRM Systems • Networking Basics (TCP/IP, Connectivity Troubleshooting)
